

IVODET

IVODET is a complex blend of anionic and non-ironic surface active agents, formulated as a universal cleaner.

IVODET does not contain animal or vegetable fats or oils.

IVODET is biodegradable, an excellent grease cutter, yet mild and safe on the hands. It is the perfect cleaner and degreaser for cutlery, pots, pans, glasses, dishes, machinery, vehicles, windows, walls and floors.

IVODET is safe on all metals, paintwork, tiles, ceramics, wood and plastics.

IVODET is pleasantly perfumed and effective in hard water, being free-rinsing it will not dull or streak paintwork.

DISHWASHING

3-5 ml/litre of hot water (one cupful per normal sink).

MACHINERY, FLOORS AND WALLS

½% - 1% in water.

VEHICLES

½% - 1% in cold water.

CARPETS AND UPHOLSTERY

Mix 2% - 5% in water and work into a stiff foam. Apply foam to the carpet or fabric and work in with a soft brush. Wipe off with a clean cloth and leave to dry.

HAND WASHING

Ivodet can be used neat through liquid soap dispensers and is inhibited to prevent corrosion of the soft metal dispenser parts.
