

Water Soluble Brush Cleaner

Description

Water Soluble Brush Cleaner is a blend of strong cleaning solvents and additives that clean and condition brushes.

Uses

- Used as a final wash up to clean and condition brushes, rollers and tools.
- Can also be used as a general purpose cleaner and degreaser prior to painting of surface.

Benefits

- Leaves brushes and rollers soft and conditioned for future use.
- Does not leave oily residue after cleaning.

Caution

Do not use as thinners in any paint system! Do not dilute with water when used as a brush cleaner. Ensure brushes, rollers or tools are rinsed thoroughly with fresh water after using the W.S.B.C. Allow to dry thoroughly before further use. If used as a degreaser or cleaning solvent ensure the surface is rinsed thoroughly with water and allowed to dry before commencing any painting.

Safety Precautions

Contains highly flammable solvents.

DO NOT USE IN NON-VENTILATED AREAS, can form explosive vapour / air mixture.

Keep clear of sparks, matches or cigarettes! Avoid inhalation and prolonged contact with skin. Can cause skin irritation. Protective gloves and apron should be worn. Face shield or goggles should be used, if splashed into eyes or ingested into the mouth, rinse thoroughly with fresh running water and seek medical advice.

Technical Information

The figures that follow are typical properties achieved in laboratory tests at 20°C and at 50% Relative Humidity.

Pack Size	: 1l, 5l or 25l
Solubility in Water	: 100%
Specific Gravity	: 0.844
Appearance	: "Red-Pink" colour
Odour	: Sharp solvent odour
Flash Point (°C)	: 0
Extinguishing Media	: Powder Type/Halogen Air Foam or Carbon Dioxide

Sampa Hazard Rating: 2HE

Health & Safety

Some of the components of this product may be hazardous during mixing and application. Please consult the relevant Health & Safety Data Sheet available from Flowcrete on request and sent with each delivery.

Storage

Precautions to be taken in storage and handling of W.S.B.C. Keep cool and ventilated and separated from oxidants. Do not store or use in confined areas without sufficient ventilation.
